Family Tax Benefit Part A

Basic conditions of eligibility

Family Tax Benefit (FTB) can be paid to a parent, guardian or an approved care organisation. To be eligible the claimant must:

- have an FTB child in their care (see FTB child information below), **and**
- meet residential requirements (described under 'Residence requirements'), **and**
- have income under a certain amount (described under 'Income test').

Family Tax Benefit child

To be an FTB child, a child must be aged*:

- up to 15 years, **or**
- 16 to 19** years and in full-time secondary study (including those repeating Year 12) or are exempt from this requirement, **or**
- 16 and 17 years where they have completed their Year 12 or equivalent qualification.

The child must also:

- be in your primary care for at least 35 per cent of the time***
- have income below the child income limit, if this applies to them (described under 'Child income limit')
- not receive a pension or benefit, or labour market program payment such as Youth Allowance
- not receive a prescribed education scheme payment such as ABSTUDY if they are aged 16 to 21.

*These changes to FTB child eligibility came into effect on 1 January 2013.

**A young person aged 19 can be an FTB child up to the end of the calendar year in which they turn 19, as long as they are in full-time secondary study.

***If you care for a child between 14 per cent and less than 35 per cent of the time you will not be eligible to receive the child related components of Family Tax Benefit payments, but you may be eligible to receive Rent Assistance, a Health Care Card, Remote Area Allowance, Child Care Benefit and Child Care Rebate, and the lower threshold of the Medicare Safety Net.

Child income limit

In certain circumstances the amount of income that a child earns during an income year can affect eligibility for Family Tax Benefit. Your child will not be an FTB child where they earn \$13,775 or more during the income year and they:

- are aged 5 to 15 and not studying full-time, **or**
- are aged 16 to 19 and are not in full-time secondary study.

Residence requirements

- A claimant must be living in Australia and be:
 - an Australian citizen, **or**
 - the holder of a permanent visa, **or**

- a New Zealand citizen who arrived on a New Zealand passport, **or**
- a holder of a temporary visa subclass 070, 309, 310, 447, 451, 695, 785, 786, 787, 820 or 826, or a holder of a Criminal Justice Stay Visa issued specifically for the purpose of assisting in the administration of criminal justice in regards to the offence of people trafficking, sexual servitude or deceptive recruiting.
- The child must meet the above requirements or must be living with the claimant.
- Family Tax Benefit may be claimed during a temporary absence from Australia.
- From 1 January 2013 more than the base rate of Family Tax Benefit Part A can generally only be paid for up to six weeks of a temporary absence from Australia. However, the length of your last return to Australia, or the type of visa you hold, may affect your entitlement during your absence from Australia.
- The base rate of Family Tax Benefit Part A may continue to be paid for up to three years of a temporary absence from Australia. However, some recipients (certain temporary visa holders) may not be paid at all, or only in limited circumstances.
- Children are also affected by the above rules if they leave Australia.

Basic rates and method of payment

- Family Tax Benefit can be paid either fortnightly or as a lump sum after the end of the financial year to a bank, credit union or building society account.
- Family Tax Benefit Part A includes a supplement (described under Family Tax Benefit Part A supplement eligibility) which is available only after the end of the financial year when a family's entitlement to Family Tax Benefit is reconciled and may be used to offset overpayments.
- You can lodge a claim for Family Tax Benefit up to three months before the expected birth of your child or when the child is expected to enter your care.

Maximum rates of Family Tax Benefit Part A

For each child	Per fortnight	Per year
Aged under 13 years	\$169.68	\$5,150.15
Aged 13–15 years	\$220.64	\$6,478.75
Aged 16–19 years, secondary student, or exempt from requirement	\$220.64	\$6,478.75
Aged 16–17 years, completed Year 12 or equivalent qualification	\$54.32	\$2,142.55
In an approved care organisation aged 0–19 years	\$54.32	\$1,416.20

Note: a child is not a secondary student if they have completed Year 12 or equivalent. Payment per year figures (except for the approved care organisation figure) include the Family Tax Benefit Part A supplement (\$726.35 per child) but the fortnightly figures do not. The supplement can only be paid after the end of the financial year once certain conditions have been met.

- To receive more than the base rate of Family Tax Benefit Part A for children of a previous relationship, reasonable action to obtain child support must be taken. Blind pensioners are exempt from the maintenance action test.

Base rate of Family Tax Benefit Part A

	Per fortnight	Per year
For each child	\$54.32	\$2,142.55

Note: the base rate of Family Tax Benefit A is paid at the same rate for all age groups. Payment per year figures include the Family Tax Benefit Part A supplement (\$726.35 per child) but the fortnightly figures do not. The supplement can only be paid after the end of the financial year.

Family Tax Benefit Part A supplement eligibility

To be eligible for the Family Tax Benefit Part A supplement (worth up to \$726.35 per child, per year) you and/or your partner must lodge tax returns or notify us if you and/or your partner are not required to lodge, **and**

- for the financial year a child turns one, two or five years, meet immunisation requirements for that child
- for the financial year a child turns four years, meet health check requirements for that child.

To meet immunisation requirements, the child turning one, two or five during the financial year must be up-to-date with vaccinations or have an approved immunisation exemption.

To meet the health check requirement, the child turning four during the financial year must undergo a health check or have an approved exemption. Where the child has undergone a health check you and/or your partner must notify us that the health check has been completed. This health check requirement applies to families where an individual or their partner also receives an income support payment during the relevant financial year.

Income test

- An income estimate does not need to be provided for those who are single and receive certain income support payments from us or the Department of Veterans' Affairs.
- In most cases your Family Tax Benefit Part A payment is worked out using two income tests—the one that gives you the highest rate will be applied.
- The first test reduces the **maximum** rate of Family Tax Benefit Part A by 20 cents for each dollar above \$47,815. The second test reduces the **base** rate of Family Tax Benefit Part A by 30 cents for each dollar above \$94,316 (plus \$3,796 for each Family Tax Benefit Child after the first).
- You may also be prohibited from receiving your Family Tax Benefit by fortnightly instalments if you have outstanding income tax returns or related debts.

- You and your partner must lodge an income tax return or tell us that you are not required to lodge an income tax return or any Family Tax Benefit you receive will have to be repaid.
- This table shows the income limit above which only the base rate of Family Tax Benefit Part A may be paid (\$pa)*.

No. children aged 0–12 yrs	No. children 13–15 years or secondary students 16–19 years			
	Nil	One	Two	Three
Nil		\$69,496	\$91,177	n/a
One	\$62,853	\$84,534	n/a	n/a
Two	\$77,891	\$99,572	n/a	n/a
Three	\$92,929	n/a	n/a	n/a

***Note:** n/a indicates base rate does not usually apply for this household combination. This is because the rate calculated under the first income test for this combination is usually higher than the rate that is calculated under the second test which applies the base rate. Income limits are indicative only, please contact us for a more accurate assessment based on your circumstances.

- This table shows the income limits at which Family Tax Benefit Part A, including the supplement, may not be paid (\$pa)*.

No. children aged 0–12	No. children 13–15 years or secondary students 16–19 years			
	Nil	One	Two	Three
Nil	\$101,458	\$112,603	\$146,530	
One	\$101,458	\$112,396	\$139,887	\$173,813
Two	\$112,396	\$133,244	\$167,170	\$201,097
Three	\$126,601	\$160,527	\$194,454	\$228,381

***Note:** income limits are indicative only, please contact us for a more accurate assessment based on your circumstances. Income limit is higher if families are eligible for Multiple Birth Allowance. Families with income approaching these amounts may elect to be paid the Family Tax Benefit at a lower rate or at the end of the income year to reduce or avoid overpayment. Different income limits apply to families with children aged 16–17 who are not secondary students.

Maintenance income test for Family Tax Benefit Part A

- Maintenance income-free areas per year:
 - Single parent, or one of a couple receiving maintenance \$1,445.40
 - Couple, each receiving maintenance \$2,890.80
 - For each additional child \$481.80

- Maintenance over these amounts may reduce the maximum rate of Family Tax Benefit Part A by 50 cents in the dollar. It does not reduce the base rate of Family Tax Benefit Part A.
- Maintenance includes child maintenance and partner maintenance payments.
- Pensioners who are blind are exempt from the maintenance income test.

Note: payment per year figures include the Family Tax Benefit Part B supplement (\$354.05 per family for the 2012–13 financial year) but the fortnightly figures do not. The supplement can only be paid after the end of the financial year.

Income test

- Family Tax Benefit Part B is limited to families where the higher income earner in a couple, or a single parent, has an income of \$150,000 per year or less. However, if you get an income support payment from us or the Department of Veterans' Affairs this income limit will not apply.
- Single parents automatically receive the maximum amount of Family Tax Benefit Part B if they have an income of \$150,000 per year or less.
- For two-parent families where the higher income earner has an income of \$150,000 per year or less, it is the income of the lower earner that affects how much Family Tax Benefit Part B the family will receive. The lower earner can have income up to \$5,037 and still receive the maximum rate of Family Tax Benefit Part B. Payments are reduced by 20 cents for each dollar of income earned over \$5,037.
- Eligible two-parent families can still receive some Family Tax Benefit Part B if:
 - their youngest child is aged under five years and the lower earner has income less than \$25,623 per annum, **or**

Schoolkids Bonus

Basic conditions of eligibility

- Payments are made in two equal instalments in January and July each year. For each instalment you will receive \$410 for each eligible child in secondary study and \$205 for each eligible child in primary study.
- If you share the care of your child and receive a shared care percentage of Family Tax Benefit A for your child, you will receive the same percentage of the Schoolkids Bonus. You will need to notify us when your child begins primary study to start receiving the primary study payment rate or when your child changes from primary to secondary study to start receiving the secondary study payment rate. Payments will then be paid automatically from that date.

- The payment is made automatically into a bank, credit union or building society account, once you have notified us that your child is in primary or secondary school. If you claim Family Tax Benefit Part A as a lump sum, you will get the payment (if eligible) when your lump sum claim is assessed.

Concession Cards, Supplements and Allowances

Pensioner Concession Card (PCC)

A PCC is automatically issued to:

- All income support pensioners, which includes: Age Pension, Disability Support Pension, Wife Pension, Carer Payment (excludes a person who receives Carer Payment due to either episodic or short term care of a child), Parenting Payment (Single), Bereavement Allowance and Widow B Pension.
- Department of Veterans' Affairs service pensioners and war widows receiving an income support supplement.
- Newstart Allowance, Parenting Payment (Partnered) and Youth Allowance (job seeker) customers assessed as having a partial capacity to work or who are a single principal carer of a dependent child.
- Older benefit customers, that is:
 - customers aged 60 and over who are receiving Newstart Allowance, Partner Allowance, Widow Allowance, Parenting Payment (Partnered), Sickness Allowance, or Special Benefit, and have been in continuous receipt of one or more of the above payments (or an income support pension) for nine months or more.
- Participants of the Pension Loans Scheme who are qualified to receive a part-rate pension.
- Community Development Employment Project (CDEP) participants who are qualified for an income support pension but that payment is not payable due to the result of either the assets test or the rules relating to seasonal or intermittent workers, and who therefore qualify for the CDEP Scheme Participant Supplement (CPS).
- CDEP participants who are qualified for Newstart Allowance, Partner Allowance, Widow Allowance, Parenting Payment (Partnered), Youth Allowance or Special Benefit, but where that payment is not payable due to the result of either the asset test or rules relating to seasonal or intermittent workers, and who therefore qualify for the CDEP CPS. Note that these customers must be aged 60 years or over, and have been in continuous receipt, or have been taken to be in continuous receipt of one or more of the above payments (or an income support pension) for nine months or more.

Once customers are no longer qualified for these payments, they must generally stop using their PCC. However, in some circumstances, certain customers can retain their PCC for a short period after returning to work. These provisions are designed to assist customers to make the transition from income support to work.

Disability Support Pensioners (DSP)

- Retain their PCC for 52 weeks after losing qualification for the pension due to commencing employment of 15 hours or more per week or because of the level of earnings from employment.

Wife Pension (DSP) customers

- Retain their PCC for 52 weeks after losing qualification for payment if their partner has been receiving DSP, and their partner loses qualification for the pension due to commencing employment of 30 hours or more per week, or because their partner's income from employment causes them to lose qualification for DSP.

Older benefit customers (as defined earlier)

- Retain their PCC for a further 26 weeks if their payment stops due to the person or their partner commencing employment, or due to the level of earnings from this employment.

Parenting Payment (Single) customers

- Retain their PCC for 12 weeks after losing entitlement to Parenting Payment (Single) due to an increase in income due to employment. A Health Care Card is issued for the balance of 26 weeks, that is a further 14 weeks provided the customer has been in continuous receipt for the last 12 months of either:
 - an income support pension (except for a Special Needs Pension), **or**
 - an income support benefit (other than Austudy or Youth Allowance paid to students).

Newstart and Youth Allowance (job seeker)

- Retain their PCC for 52 weeks after losing qualification due to employment income, if they have been assessed as having a partial capacity to work, **or**
- Retain their PCC under the same provisions as Parenting Payment (Single) customers (see above), if they are the single principal carer of a dependent child.

A PCC extension is also available, under certain circumstances, to people under age pension age who remain qualified for certain payments during a nil rate period under the Working Credit Scheme.

Automatic issue Health Care Card (HCC)

The HCC is automatically issued to people who are not qualified for a Pensioner Concession Card who are receiving:

- Carer Payment (due to either episodic or short term care of a child)
- Newstart Allowance, Partner Allowance, Sickness Allowance, Special Benefit, Widow Allowance, Youth Allowance (job seeker only), Parenting Payment (Partnered) and Exceptional Circumstances Relief Payment
- Family Tax Benefit Part A by fortnightly instalments and who:
 - receive the maximum rate, **or**
 - have the maximum rate reduced by the Maintenance Income Test, **or**
 - would receive the maximum rate but care for a Regular Care Child.
- Mobility Allowance
- Carer Allowance (CA), paid to parents/carers in respect of a child with a disability. The card is issued in the child's name. Other parents/carers of children with a disability who do not receive CA may receive a HCC subject to less stringent disability-related eligibility criteria
- Community Development Employment Project Scheme Participant Supplement where the recipient is qualified for an income support payment (attracting a HCC), but that payment is not payable due to either the assets test, or the rules relating to seasonal or intermittent workers. These customers receive the HCC applicable to the payment type for which they are qualified.

Once people are no longer receiving these payments, they must generally stop using their HCC. However, in some instances, people can retain their HCC for up to 26 weeks after returning to work. This provision is designed to assist people to make the transition from income support to work. The provision applies to long-term recipients of NSA, SA, PA, SpB, WA, and YA (job seeker). Former long-term recipients of PPS, NSA and YA (job seeker) who are a single principal carer of a dependent child also qualify for a HCC extension (in addition to a 12-week PCC extension).

A HCC extension is also available, under certain circumstances, to people who remain qualified for certain payments during a nil rate period under the Working Credit scheme.

Claim required Health Care Card (HCC)

Specific types of HCCs can be claimed in the following circumstances:

- A low income HCC is available on application to people with income below certain levels. Once eligible, the qualifying income limits may be exceeded by up to 25 per cent before eligibility for the card is lost. The income test applies to average weekly gross income for the eight weeks immediately prior to applying for the card. Income limits for the period 20 September 2012 to 19 March 2013 are:

– single (no children)	\$497.00 pw
– couple, combined (no children)	\$862.00 pw
– single, one dependent child	\$862.00 pw
– for each additional dependent child add	\$34.00 pw

These limits (except for the child add-on) are indexed twice yearly, in March and September, based on movements in the Consumer Price Index.

There is no assets test for the low-income HCC.

- A foster child HCC is available, on application, to assist foster children and carers. The card can be claimed by the foster carer on behalf of the child. The foster child HCC is issued only in the name of the child, and can only be used to obtain concessions on services utilised by the child. The foster child HCC is not means tested.
- An ex-Carer Allowance (CA) HCC is available, on application, to 16-25 year old full-time students with a disability or a severe medical condition. The card can be claimed by students who were in receipt of a CA HCC on the day before their 16th birthday. The ex-CA HCC is issued in the name of the student and is not means tested.

Commonwealth Seniors Health Card (CSHC)

The CSHC is targeted at self-funded retirees of age pension age (see chart under Age Pension, page 12) who do not qualify for an Age Pension because of assets or income levels.

The payments are not separately means-tested.

Recipients of Widow Allowance and Partner Allowance are not eligible for Income Support Bonus. They will continue to be eligible for Utilities Allowance.

The Income Support Bonus is not payable to recipients who are in receipt of Pension Supplement above the Pension Supplement basic amount.

To qualify for the full amount each year, a recipient would need to be qualified for, and in receipt of one of the qualifying payments on both 20 March and 20 September.

Pension Supplement

- A Pension Supplement is added to the regular fortnightly payment made to recipients of Age Pension, Carer Payment, Wife Pension, Widow B Pension, Bereavement Allowance, Disability Support Pension (except if aged under 21 without children) and to certain other income support payment or ABSTUDY Living Allowance recipients if the person has reached age pension age.
- The maximum Pension Supplement combined the value of Telephone Allowance, Utilities Allowance, the GST Supplement and Pharmaceutical Allowance and an additional amount into a single payment. The maximum Pension Supplement is currently \$61.20 a fortnight for singles and \$92.20 a fortnight for couples, combined.

- The minimum Pension Supplement is an amount below which the Pension Supplement does not fall until income or assets reach a level that would otherwise reduce a total pension including Pension Supplement to nil. The minimum amount is currently \$32.80 a fortnight for singles, and \$49.40 for couples, combined.
- Pensioners may elect to receive the minimum pension supplement amount on a quarterly basis. Instalments will be paid as soon as possible after 20 March, 20 June, 20 September and 20 December each year.
- A Pension Supplement basic amount (former GST Supplement) is paid to recipients of Parenting Payment (Single) under age pension age and to those eligible for Pension Supplement who are absent from Australia for more than six weeks. Pension Supplement above the basic amount can only be paid to those pensioners who live in Australia. The basic amount is currently \$21.30 a fortnight for singles and \$35.60 for couples, combined.

Seniors Supplement

Seniors Concession Allowance (SCA) and Telephone Allowance (TAL) for holders of the Commonwealth Seniors Health Card (CSHC) were combined into a Seniors Supplement. The rate of Seniors Supplement is \$852.80 a year for single cardholders and \$642.20 a year for a cardholder who is partnered. The Seniors Supplement is paid quarterly in December, March, June, and September.

Telephone Allowance (TAL)

Telephone Allowance (TAL) is a quarterly payment to assist with the cost of maintaining a telephone service—it is not paid to assist with the cost of telephone calls.

TAL is paid to telephone subscribers who receive the Disability Support Pension and who are aged under 21 years without children and to Parenting Payment (Single) recipients who are under age pension age. TAL is also paid to telephone subscribers who receive certain social security allowance payments and are in specific circumstances.

A higher rate of TAL is payable to recipients of Disability Support Pension who are aged under 21 years without children if they or their partner also have a home internet connection.

The current rate of TAL is \$102.40 per year (\$25.60 per quarter). The higher rate of TAL is \$153.60 per year (\$38.40 per quarter) for home internet subscribers. This amount is shared between both members of an eligible couple.

The payment is made in January, March, July and September each year and is adjusted to increases in the Consumer Price Index in September. For most pensioners and other income support recipients who have reached age pension age, the value of TAL has been either added into the Pension Supplement (page 29) or forms part of the rate paid under transitional arrangements.

Utilities Allowance (UA)

Utilities Allowance (UA) is a quarterly payment to recipients of Widow Allowance and Partner Allowance who are under age pension age, and to Disability Support Pension recipients who are aged under 21 years without children, to assist with meeting the cost of utilities bills. The payment is made in March, June, September and December each year and is adjusted to increases in the Consumer Price Index in March and September. The current annual rate is \$573.20 for singles and \$286.60 for each eligible member of a couple.

For most pensioners and other income support recipients who have reached age pension age, the value of UA has been either added into the Pension Supplement (page 29) or forms part of the rate paid under transitional arrangements.

Pharmaceutical Allowance (PhA)

Rate: \$6.20 per fortnight for eligible single person, and \$3.10 per fortnight for each eligible member of a couple (i.e. \$6.20 in total if both members of a couple are eligible). However, where a person is a member of an illness separated couple or a respite care couple or where a partner is in prison, the rate is \$6.20 per fortnight (i.e. same as for a single person).

Youth Allowance (full-time students and Australian Apprentices)	Must be temporarily incapacitated.
Community Development Employment Project (CDEP)	As per relevant payment type.

Note: PhA may be paid for temporary absences until the primary payment ceases, or for up to 26 weeks if the primary payment may be paid indefinitely.

For most pensioners and other income support recipients who have reached age pension age, the value of PhA has either been incorporated into the Pension Supplement or forms part of the rate paid under transitional arrangements.

16–20 years independent	up to \$152.00	less than \$1,474.75
Couple (combined)	up to \$268.00	less than \$2,898.00

Note: the rate of payment is calculated under both the income and assets tests. The test that results in the lower rate (or nil rate) will apply.

†This income test does not apply to recipients of Parenting Payment Single. See Parenting Payment (page 10).

*Income over these amounts reduces the rate of pension payable by 50 cents in the dollar (single), 25 cents in the dollar each (for couples). For transitional or saved cases income over these amounts reduces the rate of pension payable by 40 cents in the dollar (single), 20 cents in the dollar each (for couples).

Pensioners receiving payments at 19 September 2009 may be paid under 'transitional arrangements' or saved status (page 13).

#These figures may be higher if Rent Assistance is paid with your pension.

Some assets are deemed to earn income, while there are special rules for other types of income. Contact us for more information.

Employment income is subject to a Work Bonus for eligible pensioners over age pension age.

Work Bonus

Basic conditions of eligibility

- The Work Bonus is a concession on the income test treatment of employment income for pensioners over age pension age, except Parenting Payment (Single).
- The Work Bonus is used to reduce assessable employment income in an instalment period. An instalment period is a period of a maximum of 14 days.
- All pensioners over age pension age, other than recipients of Parenting Payment (Single), are eligible for the Work Bonus. If they are eligible for a transitional rate, we will compare the transitional rate (which has no Work Bonus) to the new rate (which does include the Work Bonus). The transitional rate is paid where it pays a higher rate.
- No registration process, however pensioners must keep us up to date with their employment income.

Note: from 1 July 2011, the first \$250 of employment income each fortnight is excluded from assessment under the income test for pensioners of age pension age. In addition, any unused amount of the \$250 fortnightly exemption accrues in an Employment Income Concession Bank, up to a maximum of \$6,500. Any credit in this Bank offsets future employment income that would otherwise be assessable. The unused Bank amount carries forward between years.

Compensation payment

Compensation payments, such as weekly workers' compensation payments, are assessed differently. If the compensable injury occurred prior to receiving an income support payment each dollar of any regular compensation payment reduces the income support payment (pension or allowance) by a dollar. If the compensable injury occurred while receiving an income support payment any regular compensation payment is assessed under the normal income test. If a person has a partner, any amount of regular compensation payment over the standard payment amount is treated as the partner's own ordinary income and may reduce their rate under the ordinary income test applying to their payment. Compensation payments may include a component of taxable income and it is this component that is included as income for Family Tax Benefit purposes. Lump sum compensation payments may result in a non-payment period.

A partner will not be affected by a non-payment period and can still be paid social security payments provided they are otherwise eligible. Contact us for more information.

*For job seekers, fortnightly income between \$143 and \$250 reduces fortnightly allowance by 50 cents in the dollar. Income above \$250 reduces payment by 60 cents in the dollar.

For students and Australian Apprentices, fortnightly income between \$405 and \$486 reduces the fortnightly allowance by 50 cents in the dollar. Income above \$486 reduces payment by 60 cents in the dollar. For students and Australian Apprentices the income test is subject to Income Bank credit.

In general, partner income which exceeds the cut-out point reduces fortnightly allowance by 60 cents in the dollar. However, the cut-out point varies for individuals depending on their circumstances.

#These figures may be higher if you are eligible for Rent Assistance or Pharmaceutical Allowance.

Note: for ABSTUDY recipients aged 22 years and over the rate of entitlement is aligned with Newstart. Please contact ABSTUDY on **132 317** to ascertain the effect of personal income.

For income above \$250 per fortnight, fortnightly allowance reduces by 60 cents in the dollar.

In general, partner income which exceeds the cut-out point reduces fortnightly allowance by 60 cents in the dollar. However, the cut-out point varies for individuals depending on their circumstances.

**These figures may be higher if you are eligible for Pharmaceutical Allowance or Rent Assistance.

***For maximum payment, the recipient's income must be no more than \$62.00 per fortnight. Income over this amount reduces the rate of payment by 40 cents in the dollar.

Working Credit

Working Credit helps working age people to keep more of their income support payment when they take up work. When people have little or no income, they will build up 'working credits'. Then if they do work, their working credits increase the amount they can earn before their income support payment is reduced. For example, someone with 150 working credits is able to earn an extra \$150 above the income-free area before their payment starts to reduce.

It also helps people who take up short-term jobs by making it easier for them to get their payments restarted (for up to 12 weeks). This means that people don't have to reapply for payments, they just need to prove that their job has ended, or that their income has dropped, and we will restart their payments.

- Rent Assistance is not paid:
 - to people paying rent to a government housing authority, although in some situations sub-tenants may qualify for Rent Assistance
 - for residents of Australian Government funded nursing homes and hostels.
- Special rules apply to single sharers, people who pay board and lodging or live in a retirement village.
- Rent Certificates are required to verify rent where a customer does not have a formal written tenancy agreement or is not named as a tenant on a formal written tenancy agreement.
- Rent Assistance is paid as part of another payment. It may be reduced due to the income test rules applying to that primary payment.
- Rent Assistance may be paid for temporary absences overseas until the primary payment ceases, or for up to 26 weeks if the primary payment may be paid indefinitely.

Household Assistance Package Payments

Clean Energy Supplement

The Clean Energy Supplement is a tax-exempt payment that provides assistance to meet the ongoing impacts of carbon pricing on living expenses. The payment is permanent and is indexed to meet rises in the cost of living.

Clean Energy Supplement payments will start at the end of the period covered by the Clean Energy Advance payment and will be paid automatically at the same time as regular payment cycles for pensioners, other income support recipients, families receiving Family Tax Benefit payments and Seniors Supplement recipients, providing they meet eligibility requirements.

Clean Energy Supplement payments start from:

20 March 2013—for most pension and adult allowance recipients (recipients can choose to receive the Supplement with their regular fortnightly payment or quarterly in arrears).

20 June 2013—for Commonwealth Seniors Health Card holders who receive the Seniors Supplement increases will be paid quarterly in arrears with their regular Seniors Supplement payment.

1 July 2013—for recipients of Family Tax Benefit payments.

1 July 2013—for ABSTUDY Living Allowance Masters and Doctorate students.

1 January 2014—for most youth and student payment recipients, and Disability Support Pension recipients aged under 21 without dependent children, following the payment of the second Clean Energy Advance payment covering the period from July to December 2013.

People who begin to receive an eligible government payment after the relevant start date will be paid a pro-rata Clean Energy Supplement amount for the number of days they have been receiving a government payment in the respective fortnight or quarter.

Clean Energy Advance

The Clean Energy Advance is a tax-exempt payment, paid as a lump sum to pensioners, other income support recipients, families receiving Family Tax Benefit payments and Seniors Supplement recipients, providing they meet eligibility requirements.

The Clean Energy Advance helps low and middle income households meet the impacts of carbon pricing on living expenses for up to 12 months. Payments of the Clean Energy Advance started before the carbon price was introduced in July 2012. The Clean Energy Advance does not need to be claimed—eligible customers receive the advance automatically.

People who begin to receive an eligible government payment during the advance period will be paid a pro-rata amount of Clean Energy Advance from the date they become eligible for payment. People whose circumstances change during the advance period may be eligible for a top-up payment of Clean Energy Advance.

Families who receive Family Tax Benefit as a lump sum payment will have the Clean Energy Advance included in their entitlements at the end of the 2012–13 financial year.

People receiving youth or student payments, or receiving Disability Support Pension and aged under 22 without dependent children, may receive a second Clean Energy Advance payment in July 2013 to cover an additional six month period to end December 2013.

The Clean Energy Advance will provide assistance for income support recipients for the period from 1 July 2012 until the Clean Energy Supplement payments commence.

Low Income Supplement (LIS)/Low Income Family Supplement (LIFS)

The Low Income Supplement and the Low Income Family Supplement is a payment of \$300 for people in low income households, who do not receive sufficient levels of assistance through tax reforms or other Household Assistance Package payments, to help with everyday expenses following the introduction of a carbon price. The Low Income Family Supplement is an administrative name for the Low Income Supplement (LIS) as it applies to Family Tax Benefit (FTB) recipients and it is paid to one member of a couple, if eligible.

Claims for the Low Income Supplement and the Low Income Family Supplement must be made annually to receive payment each year.

For the purpose of the Low Income Supplement and the Low Income Family Supplement, assessments of tax and income requirements are made against the previous financial year to the one you are claiming the supplement in. For claims submitted in the 2012–13 financial year, the assessment year is the 2011–12 financial year.

Basic conditions of eligibility

- Adjusted taxable income for the previous financial year was below:
 - \$30,000 for a single person without a dependent child
 - \$45,000 for couples without a dependent child
 - \$60,000 for a single person or a couple with a dependent child.
- Claimant was either not required to pay tax in the previous financial year or had a tax liability of less than \$300 for the year.
- There must have been 13 weeks or more in the previous financial year in which the claimant did not receive a pension, benefit or other government payment that attracts household assistance (see Clean Energy Advance Amounts for the full list of government payments that attract household assistance). For the Low Income Family Supplement this does not include a Clean Energy Advance or Clean Energy Supplement on Family Tax Benefit amounts.
- A person is not entitled to the Low Income Family Supplement if they or their partner (if applicable) have received a Low Income Supplement.

Residence requirements

- Must be an Australian resident or special category visa holder residing in Australia.
- Must have been in Australia for at least 39 weeks of the previous financial year.
- Must have been in Australia for at least 46 weeks for claims in relation to financial year 2013–14 and onwards.

Basic rate

- \$300 a year.

Essential Medical Equipment Payment (EMEP)

- The purpose of the EMEP is to cover the additional costs of running essential medical equipment, or medically required heating/cooling, that arise from the introduction of carbon pricing on 1 July 2012. The EMEP is available in addition to any existing state and territory government medical equipment rebate schemes.
- Following the initial payment, the claimant will continue to receive the payment automatically in each subsequent year that they continue to be eligible.

Basic conditions of eligibility

- The EMEP is payable to either the person with medical needs or their carer claiming on their behalf.
- The person with medical needs or their carer must be covered by a Commonwealth Government concession card or a Department of Veterans' Affairs Gold or White Card.
- The person with medical needs must use certain essential medical equipment or medically require the use of heating and/or cooling in their home.
- Either the person with medical needs, their carer, the partner of the carer or the partner of the person with medical needs must contribute towards the energy account associated with running the equipment.
- The essential medical equipment or medically required heating and cooling must use an approved form of energy.
- The person with medical needs, and their carer if applicable, must live together in Australia in a residence that is not an excluded residence—residential aged care, hospital, prison or detention centre.
- Where one piece of medical equipment is shared by multiple people in the same residence only one EMEP is payable in respect of that equipment in that residence.
- Where one person uses more than one piece of medical equipment in their residence an EMEP is payable in respect of each piece of equipment.
- Where a person uses one piece of equipment in multiple residences, a maximum of two payments can be made in respect of that piece of equipment each financial year, regardless of the number of different residences involved.

Note: the lists of eligible essential medical equipment, medical conditions that require the use of heating and/or cooling, approved forms of energy and excluded residences can be found at humanservices.gov.au/cleanenergy

Basic rates and methods of payment

- The EMEP is paid at one rate regardless of the piece of equipment being operated.
- In 2012–13 the EMEP is \$140.00.
- The EMEP will be indexed annually on 1 July each year, in line with the Consumer Price Index.

Definition of a partner

For the Department of Human Services purposes a person is considered to be your partner if you and the person are living together, or usually live together, and are:

- married, **or**
- in a registered relationship (opposite-sex or same-sex), **or**
- in a de facto relationship (opposite-sex or same-sex).

The Department of Human Services considers a person to be in a de facto relationship from the time they commence living with another person as a member of a couple. The Department of Human Services recognises all couples, opposite-sex and same-sex.
