INTRODUCTION TO BE READ OUT:

A special feature of the interview this year is the next section. It comprises [IF N9i = 1 : three / ELSE two] short exercises that involves you remembering and making judgements about words, [IF N9i = 1: symbols ELSE /] and numbers.

AUTOFILLED: N9 Start TIMESTAMP

N9. I am going to read out some lists of numbers, and I want you to repeat the numbers back to me in the reverse order from which I said them. So if I said “3, 8”, you would say “8, 3”. Do you understand? Note that I cannot repeat the numbers after I have said them once.

INTERVIEWER NOTE: *If respondent does not understand, repeat the instructions.*

The sets will get larger as we go.

UNLESS INAPPROPRIATE, ALSO SAY: To help you concentrate, it may help if you close your eyes.

INTERVIEWER TO RECORD: IS IT OKAY TO START THE TASK?

IF N9 = 1 go to N10(1a)
ELSE go to N12

INTERVIEWER NOTE: *Read in monotone, 1 second per number. Drop your voice on the last digit to indicate it is time to respond.*

If participant immediately self-corrects, do not count as an error.

If the participant asks for repetition, say: 'I'm sorry, I can't repeat items.'

If participant attempts to write the numbers down as they are being read out, immediately cease reading out the numbers and politely inform the participant that for this task we need them to rely on their memory. Record an “incorrect” answer and move to the next sequence.

This next exercise involves matching numbers to symbols.

(HAND SELF COMPLETE SYMBOLS BOOKLET TO PARTICIPANT)

INTERVIEWER, PLEASE ENSURE THE BELOW INFORMATION IS RECORDED ON THE SYMBOLS BOOKLET, PRIOR TO IT BEING HANDED OVER TO THE RESPONDENT.

HOUSEHOLD ID	PERSON NO	NAME
[HHID]	[PID]	[Respondent [first name only]]

Please look at the key at the top of the page. The symbol in the top row matches the number in the box below it.

Now look at the next line of boxes (INTERVIEWER POINT TO THE LINE OF BOXES). Notice that the boxes below the symbols are empty. Your task is to fill each empty box with the number that matches the symbol using the key at the top of the page. Is that clear?

INTERVIEWER NOTE: (If respondent requires further instructions say): Please look again at the key on top of the page, each of these symbols in the top row has a matching number. Your task is to fill in the blank boxes underneath each symbol (point) using the key at the top of the page to match the number? Is this clear?

Let's have a go at the first symbol. Looking at the key, you will see that number 1 goes in the first box, so write the number 1 in the first box. Now what number should you put in the second box? (Number 5) That's right. So write the number 5 in the second box. What number goes in the third box? (Number 2) Two, right.

For practice, fill in the remaining boxes and stop at the double line.

[INTERVIEWER CHECK PRACTICE BOXES AGAINST CORRECT RESPONSES BELOW. ANY ERRORS MADE IN THESE PRACTICE RESPONSES SHOULD BE IMMEDIATELY POINTED OUT. IF NEEDED, YOU WILL NEED TO EXPLAIN THE TASK AGAIN.]

⤵	⤴	÷	⤵	⤴	>	÷	⤴	⤵	>
1	5	2	1	3	6	2	4	1	6

Now when I say 'Go!' write the numbers just like you have been doing until I say 'Stop!', starting from here (INTERVIEWER POINT TO THE FIRST BOX AFTER THE DOUBLE LINE). When you come to the end of the first line, go quickly to the next line without stopping. If you make a mistake, just write the correct answer over your mistake. Don't skip any boxes and work as quickly as you can.

DLii. **READ INTRODUCTION:**

This year, for the first time, we are asking everyone aged 18 years or older if they would agree to their survey answers being linked to data held by the Australian Bureau of Statistics (ABS). If you agree, the ABS will combine your survey answers with other information such as your Medicare records and your personal income tax returns, in a way that means you cannot be identified.

This will allow more research and will enhance the ability of the HILDA Survey to provide a picture of what has been happening in the lives of Australian families and communities. This will help improve the development, delivery and evaluation of government services.

If you agree, your name, address and date of birth will be sent to the ABS, who will then use this so your survey answers can be linked to your data from other data sources. Your responses to our survey (which won't include your name, address or date of birth) would then be part of an Australian Government data integration project.

Whether you agree or disagree is completely up to you. We need to record whether or not you have provided your consent so that we can make sure only the right information is sent to the ABS. This will be treated with the same care and confidentiality as your other information.
