

Curriculum Vitae

21 January 2019

Personal

KALB (Guyonne Raymonde Jeannette)

Nationality: Netherlands

(permanent resident of Australia)

Phone: 03 – 8344 2095 (OH)

e-mail: G.Kalb@unimelb.edu.au

Education

Monash University, Clayton (Australia), 1994-1997

(Ph.D. programme in the Department of Econometrics)

Erasmus University, Rotterdam (Netherlands), 1983-1989

(Master's degree in the Department of Econometrics)

Certification

Master's degree in Econometrics June 1989

Thesis: **Matching, een methode om databestanden uit te breiden?**

(In English: Parametric and Non-Parametric Methods for Matching Databases.)

Ph.D. degree in Econometrics

awarded: April 1998

Thesis: **An Australian model for labour supply and welfare participation in two-adult households.**

Supervisor: Professor Alan Powell

Associate supervisor: Professor Tim Fry

Examiners: Professor Denzil Fiebig

Professor Paul Miller

Career history

Professorial Research Fellow (level E) University of Melbourne 2013-..

Principal Research Fellow (level D) University of Melbourne 2005-2012

Senior Research Fellow (level C) University of Melbourne 2002-2005

Research Fellow (level B) University of Melbourne 2001-2002

(Melbourne Institute of Applied Economic and Social Research)

Research Fellow (level B) Monash University 1999-2000

(Department of Econometrics and Business Statistics)

Senior research officer University of New South Wales 1997-1999

(Social Policy Research Centre)

Research assistant Monash University 1995-1997

(Department of Econometrics)

Assistant Lecturer Monash University 1994-1995

(Department of Econometrics)

Researcher Joint Administration Office 1989-1994

(Joint Administration Office is a literal translation from the Dutch name 'Gemeenschappelijk Administratie Kantoor (GAK), which was a non-profit organization in charge of the settlement of social security benefits in the Netherlands)

(Department of Statistics and Research)

Research assistant Erasmus University Rotterdam, 1987-1989

(Department of Economic Sociology and Psychology)

Research assistant Erasmus University Rotterdam, 1986-1987

(Econometric Institute - Department of Mathematical Economics)

Teaching

A 4-week module on Family Policy Evaluation in the Masters course in Economics "Case Studies in Microeconomic Policy": 2016-2017.

Three training courses to Commonwealth Treasury on behavioural microsimulation modelling: 2005-2006.

PhD student supervision:

I am currently supervising two PhD Students: Brendan Hough and Emily Porter.

PhD students who have completed:

Daniel Kuehnle, Michelle McIsaac

Prize:

On 26 September 2006, the Economic Society of Australia awarded the 2005 best paper prize for an article in the Economic Record to Denise Doiron and Guyonne Kalb for their paper "Demands for Childcare and Household Labour Supply in Australia", in the Economic Record , 81(254), 215-236.

Grants and Scholarships:

One of the chief investigators on a NHMRC Targeted Call grant of \$1,026,750 for 5 years on a project entitled "Against the odds: Understanding the factors influencing wellbeing among Indigenous youth in the Northern Territory" led by Stefanie Schurer at UNSW (January 2019 – December 2023).

Melbourne Research Grant Support Scheme (MRGSS) funding for 2015 to support the ARC application for a project entitled “The Effects of Parental Leave Policy: Parental Time Use, Fertility and Child Development”. Preliminary research related to the project will be carried out (January 2015 – December 2015).

One of the chief investigators on a NHMRC Centre of Research Excellence grant of \$2.5 million for 5 years joint with Tony Scott, Catherine Joyce and John Humphreys to establish the "Centre of Research Excellence in Medical Workforce Dynamics. Medicine in Australia: Balancing Employment and Life (MABEL)” (January 2012 – December 2016).

Principal investigator (CIA) on ARC Discovery project of \$130,000 for 2 years joint with John Creedy, Lixin Cai and Justin van de Ven on “Effects on Labour Supply, Savings and Welfare of the July 2007 Policy Changes to Superannuation and the Age Pension” (January 2009 – December 2010).

One of the chief investigators on NHMRC project of \$2.1 million for 5 years joint with Tony Scott, Catherine Joyce and John Humphreys on “Understanding the Dynamics of the Medical Workforce to Improve Population Health and Equity of Access: the Australian Longitudinal Survey of Doctors” (January 2007 – December 2011).

Principal investigator (CIA) on ARC Discovery project of \$345,000 for 3 years joint with John Creedy on “The effects of the tax and social security system on labour supply and social welfare” (January 2007 – December 2009).

One of the chief investigators on ARC Linkage project of \$410,239 for 3 years joint with Tony Scott, Michael Shields, John Creedy and Christine Duffield on “Economic Modelling of the Nurses’ Labour Market in Australia” (July 2006 – July 2009).

Faculty seeding grant of \$ 45,000 for 2 years joint with John Creedy, Peter Summers, Hielke Buddelmeyer, Lixin Cai, and Penny Smith on “Behavioural Modelling of the Australian Tax and Transfer System” (2004 – 2005).

Research Grant and appointment as a Visiting Research Fellow at The Treasury in New Zealand for two one-week visits (2003).

\$5,500 from the faculty funds of the Faculty of Economics and Commerce at the University of Melbourne for a project on the “duration and destination of casual jobs versus permanent jobs” (2001).

Monash University Research Fund grant of \$27,525 joint with Alan Powell to model household labour supply and welfare participation (1999).

Extension of the above grant for a second year (2000).

Small ARC-grant of \$19,849 joint with Jenny Chalmers to analyse the incidence of casual jobs and the effect that being in casual work has on people’s career prospects (1999)

A research fellowship of \$18,000, funded by the Australian Bureau of Statistics for a research project using the Survey of Employment and Unemployment Patterns (SEUP) data set (1998).
