Extra Allowable Amount for Retirement Village and Granny Flat Residents

If your Entry Contribution is equal to or less than the Extra Allowable Amount, you are assessed as a non-homeowner. Your Entry Contribution will count as an asset. You may qualify for Rent Assistance. The Extra Allowable Amount is the difference between the non-homeowner and homeowner asset test limits, currently \$113 500.

Hardship provisions

If you have assets but little or no income you are expected to rearrange your affairs to provide for yourself. In some cases that is not possible. If you are in 'severe financial hardship' you may be able to get a social security payment. Different tests apply to such cases.

*** This figure includes Pharmaceutical Allowance.

Working Credit

Working Credit helps working-age people to keep more of their income support payment when they take up work. When people have little or no income, they will build up 'working credits'. Then if they do work, their working credits increase the amount they can earn before their income support payment is reduced. For example someone with 150 working credits is able to earn an extra \$150 above the income free area before their payment starts to reduce.

It also helps people who take up short-term jobs by making it easier for them to get their payments restarted (for up to 12 weeks). This means that people don't have to reapply for payments, they just need to prove that their job has ended, or that their income has dropped, and Centrelink will restart their payments.

Maintenance income

Maintenance income does not affect payments other than Family Tax Benefit and parentally means-tested Youth Allowance.#

■ Maintenance income-free areas:

Single parent or member of a couple receiving maintenance	\$1182.60 pa
Couple, both receiving maintenance	\$2365.20 pa
For each additional child add	\$394.20 pa

■ Maintenance over these amounts may reduce Family Tax Benefit Part A by 50 cents in the dollar, until the minimum amount of Family Tax Benefit per child is reached.

■ Pensioners who are blind are exempt from the maintenance income test.

Applies only if eligible to receive more than the minimum rate.

Chart E—Concessions#

Automatic issue Health Care Card (HCC)

The HCC is automatically issued to people receiving:

■ Newstart Allowance, Partner Allowance, Sickness Allowance, Special Benefit, Widow Allowance and Youth Allowance (job seekers only).

Once customers move off income support, they must generally stop using their HCC. However long-term recipients of the above payments (i.e. 12 months or more), can retain their HCC for six months after returning to work. This provision is designed to assist people to make the transition from income support to work.

■ Parenting Payment (partnered), Exceptional Circumstances Relief Payment, Farm Family Restart Income Support and those receiving the maximum rate of Family Tax Benefit Part A by fortnightly instalments.

■ Mobility Allowance, where the recipient does not already hold a Pensioner Concession Card, because they are also in receipt of a pension.

■ Carer Allowance (CA), paid to parents/carers in respect of a child with a disability. Other parents/carers of children with a disability who do not receive CA may receive a HCC subject to less stringent disability-related eligibility criteria.

■ Parenting Payment (single). Such customers receive a HCC for six months if they have been long-term recipients of income support (i.e. 12 months or more), and their payment stops due to the person commencing employment, or due to the level of earnings from employment. This provision eases the transition from income support to work.

■ Community Development Employment Project Scheme Participant Supplement where the recipient is qualified for a social security payment (attracting a HCC), but that payment is not payable due to either the assets test, or the rules relating to seasonal or intermittent workers. These customers receive the HCC applicable to the payment type for which they are qualified.

A HCC is also available, under certain circumstances, to people who remain qualified for certain payments during a nil rate period under the Working Credit scheme.

Claim required Health Care Card (HCC)

Low-income earners and foster children can obtain specific types of HCCs:

■ A 'low-income' HCC is available on application to people with income below certain levels. Once eligible, the qualifying income limits may be exceeded by up to 25 per cent before eligibility for the card is lost. The income test applies to average weekly gross income for the eight weeks immediately prior to applying for the card. Income limits for the period September 2005 to March 2006 are:

Single	\$351.00 pw
Couple (combined)	\$585.00 pw
Single or Couple with one child	\$619.00 pw
For each additional child add	\$34 pw

These limits (except for the child add-on) are indexed twice yearly, in March and September, based on movements in the Consumer Price Index.

There is no assets test for the low-income HCC.

- A foster child HCC is available, on application, to assist foster children and carers. The card can be claimed by the foster carer on behalf of the child. The foster child HCC is issued only in the name of the child, and can only be used to obtain concessions on services utilised by the child. The foster child HCC is not means tested.

Certain residence requirements must also be met to qualify for any type of HCC.

Pensioner Concession Card (PCC)

A PCC is automatically issued to:

- All social security and Department of Veterans' Affairs pensioners. Social security pensions include Age Pension, Disability Support Pension, Wife Pension, Carer Payment, Parenting Payment (Single), Bereavement Allowance, and Widow B Pension;
- Older benefit recipients, that is:
 - Mature Age Allowance recipients; and
 - customers aged 60 years or over who are receiving Newstart Allowance, Partner Allowance, Widow Allowance, Parenting Payment (partnered), Sickness Allowance, or Special Benefit, and have been in continuous receipt of one or more of the above payments (or a social security pension) for nine months or more;
- Customers who are participating in the Pension Loans Scheme, and are qualified to receive a part-rate pension.
- Community Development Employment Project (CDEP) participants who are qualified for a social security pension but that payment is not payable due to the result of either the assets test or the rules relating to seasonal or intermittent workers, and who therefore qualify for the CDEP Scheme Participant Supplement (CPS);
- CDEP participants who are qualified for Newstart Allowance, Partner Allowance, Widow Allowance, Parenting Payment (partnered), Youth Allowance, Special Benefit or Mature Age Allowance (paid under Newstart conditions), but where that payment is not payable due to the result of either the assets test or the rules relating to seasonal or intermittent workers, and who therefore qualify for the CDEP CPS. Note that these customers must be aged 60 years or over, and have been in continuous receipt, or have been taken to be in continuous receipt of one or more of the above payments (or a social security pension) for nine months or more;

Once customers move off income support, they must generally stop using their PCC. However in some instances, certain customers can retain their PCC for a short period after returning to work. These provisions are designed to assist people to make the transition from income support to work.

PCCs can be retained in the following circumstances when a person loses qualification for the relevant social security payment:

Disability Support Pension (DSP) recipients

- retain their PCC for 12 months after losing qualification for the pension due to commencing employment of 30 hours or more per week, or because of the level of earnings from this employment.

Wife Pension (DSP) recipients

- retain their PCC for 12 months after losing qualification if their partner has been receiving DSP, and their partner loses qualification for the pension due to commencing employment of 30 hours or more per week, or because their partner's income from employment causes them to lose qualification for DSP.

Older benefit recipients (as defined earlier)

- retain their PCC for a further six months if their payment stops due to the person or their partner commencing employment, or due to the level of earnings from this employment.

Parenting Payment (single) recipients

- PCC entitlement ceases if a customer loses entitlement to Parenting Payment (single) due to an increase in income due to employment. A Health Care Card is issued for the ensuing six months, provided the customer has been in continuous receipt for the last 12 months of either:
 - a social security pension (except for a Special Needs Pension); or
 - a social security benefit (other than Austudy or Youth Allowance paid to students).

A PCC is also available, under certain circumstances, to people who remain qualified for certain payments during a nil rate period under the Working Credit scheme.

Commonwealth Seniors Health Card (CSHC)

The CSHC is targeted at self-funded retirees of Age Pension age (see chart under Age Pension) who do not qualify for an Age Pension because of assets or income levels.

To qualify for a CSHC a person must make a claim for the card, and meet the following criteria:

- not be receiving a social security pension or benefit or a DVA service pension; and
- be of Age Pension age; and
- be an Australian resident or Special Category Visa (SCV) holder residing in Australia. An Australian resident is one of the following:
 - an Australian citizen;
 - a holder of a permanent visa;
 - a Special Category Visa holder who is a protected SCV holder; and
- have been in Australia for a period of, or periods totalling, 104 weeks; and
- have an annual adjusted taxable income of less than \$50 000 for singles; \$80 000 for couples (combined income); and \$100 000 combined or \$50 000 each for couples separated by illness, respite care or gaol. An amount of \$639.60 per year is added for each dependent child. There is no assets test.

Seniors Concession Allowance

Seniors Concession Allowance (SCA) is paid to holders of the Commonwealth Seniors Health Card (CSHC) to assist in meeting household expenses. The payment is made twice a year in June and December and each instalment is adjusted to increases in the Consumer Price Index. The current annual rate of SCA is \$202.80.

Telephone Allowance

Telephone Allowance (TAL) is a quarterly payment to assist with the cost of maintaining a telephone service—it is not paid to assist with the costs of telephone calls.

TAL is paid to pensioners, certain allowees and eligible CSHC holders.

TAL is paid quarterly on the customer's first delivery day after 1 January, 20 March, 1 July, and 20 September each year.

The current rate of TAL is \$81.60 per annum (\$20.40 per quarter). This amount is shared between both members of a couple.

Utilities Allowance

Utilities Allowance (UA) is paid to Australians of Age (or Veteran) Pension age in receipt of income support, to assist with meeting utilities bills. The payment is made twice a year in March and September and instalments from September 2005 will be adjusted to increases in the Consumer Price Index. The current annual rate of UA is \$101.20 for singles and \$50.60 for each eligible member of a couple.
