Research Interests

Applied economist with research interests in labour economics, tax and transfer policies, welfare economics, housing, development economics, microsimulation modelling and micro-macro modelling.

Current Positions and Affiliations

- 2020- **Principal Research Fellow** (Associate Professor), University of Melbourne, Melbourne Institute: Applied Economic & Social Research
- 2017- **Fellow**, Global Labor Organization
- 2014- **Research Fellow**, ARC Life Course Centre

Past Positions

- 2014-19 **Senior Research Fellow**, University of Melbourne, Melbourne Institute
- 2011-12 **Senior Economist**, Economic Policy Analysis (ECOPA)
- 2007-14 **Research Fellow**, University of Melbourne, Melbourne Institute

Education

- 2015 **HDR** (*Habilitation à Diriger des Recherches*), University of Bordeaux, France. Title: *Public policies and income distribution*
- 2002-06 **Ph.D. in Economics**, University of Bordeaux, France. Title: *Globalisation, Poverty and Inequality: A Computable General Equilibrium Microsimulation Analysis of the Impact of Trade Liberalisation in South Africa*
Available at: <http://tel.archives-ouvertes.fr/tel-00701648>
Supervisor: Professor Jean-Pierre Lachaud
- 2000-02 **M.Sc. in Development Economics**, University of Bordeaux, France. Ranked second.
- 1997-00 **B. Sc. in Economics and Finance**, Toulouse School of Economics and University of Bordeaux, France. Obtained with very high honours.

Competitive Grants and Research Projects

Faculty Research Grant, University of Melbourne (2018, AU\$17,000): The effect of job search requirements on welfare receipt: Evidence from a natural experiment.

Faculty Research Grant, University of Melbourne (2013-14, AU\$15,000): Decomposing changes in progressivity and redistributive effects, with an application to Australia for the 1995-2010 period.

The World Bank (2012, US\$90,000): Policy recommendations to improve the tax regime of micro-enterprises in the OHADA region.

University of Corsica (2012, €60,000): Development of a computable general equilibrium (CGE) model of the Corsican economy.

European Commission (2011-12, €200,000): Evaluation of the net fiscal impact of the Economic Partnership Agreement with the European Union in Central Africa.

Faculty Research Grant, University of Melbourne (2011, AU\$15,000): Decomposing changes in inequality and social welfare, with an application to Australia for the 2000-05 period.

Early Career Researcher Grant, University of Melbourne (2008, AU\$12,000): Labour Supply Modelling in CGE-Microsimulation Models.

Visiting Positions

GREThA, University of Bordeaux, France: September 2008, September 2009, September 2010, September 2013, September 2014, September 2016, June 2018, June 2019, Sep-Dec 2021

Victoria University, Wellington, New Zealand: March 2018

Ecole Polytechnique Fédérale de Lausanne, Switzerland : July 2015

LAREFI, University of Bordeaux, France: September 2014, July to October 2015

IZA, Bonn, Germany: February 2010

CIRPÉE, Laval University, Canada: June 2009

Consultancies

2019- present New South Wales government, Australia: Evaluation of a set of NSW Government's policies which aims to transform the state's social housing system.

2016- present Perpetual (formerly RFi Group, Australia): Production of the quarterly updates of the Household Expenditure Measures (HEM).

2018- present Australian Commonwealth Treasury: Joint project with the Commonwealth Treasury designed to impute expenditure data onto the Treasury's tax and transfer microsimulation model to allow for simulation of indirect tax reforms.

2018 Perpetual (Australia): Development and update of the Household Expenditure Measures (HEM).

2017 Perpetual (Australia): Extension of the Household Expenditure Measures (HEM).

2016 New Zealand Treasury: Building a module to allow the computation of welfare changes in the New Zealand Treasury's microsimulation model.

2008-14 Department of Education, Employment and Workplace Relations (Australia): 6 projects, each running over 12 months (Research Reports 3, 4, 10, 11, 12 and 14).

2013 New Zealand Treasury: Providing assistance in the estimation of the structural labour supply models underlying the New Zealand Treasury's microsimulation model.

2010-11 National Centre for Vocational Education Research (Australia): 2 projects, each running over 12 months (see Research Reports 8 and 9).

2008 The Australian newspaper: Project designed to investigate recent changes in the Australian tax and transfer system. This report was used as base for a newspaper article in The Australian in 2008 (Research Report 15).

2008 Garnaut Climate Change Review (Australia): A 6-month project to assess the distributional effects of climate change and mitigation policies in Australia. The Garnaut Review was commissioned by the Australian government (Research Report 13).

2007 Australian Labor Party (ALP): Project to assess the ALP's alternatives for extensions to the child care benefit and child care tax rebate (Research Report 16).

2003 Groupe d'échange et de recherche technologiques (France): Lead investigator on a report on the OECD conference entitled "How Are Globalisation and Poverty Interacting, and What Can Governments Do About It?" (Research Report 17).

PhD Supervision

Advisor, Matthew Cantele, University of Melbourne, "Biodiversity futures in a globalising world: SSP integration and elaboration within a large multidimensional Computable General Equilibrium model", Ph.D. started in 2018.

Co-supervisor, Somvang Phimmavong, University of Melbourne, "Forest Plantation Development, Poverty, and Inequality in Laos: A Dynamic CGE Microsimulation Analysis". Ph.D. completed in December 2012.
