- An income estimate does not need to be provided for those who are single and who receive certain income support payments from Centrelink or the Department of Veterans' Affairs.
- Depending on your individual circumstances, your family income may be \$42 559 a year before your Family Tax Benefit Part A payment is reduced.

Note: the rate of payment is calculated under both the income and assets tests. The test that results in the lower rate (or nil rate) will apply.

#Limits will increase if Rent Assistance is paid with your pension.

*Assets over these amounts reduce pension by \$1.50 per fortnight for every \$1000 above the amount (single and couple combined).

NSA/WA/PA/SA/SpB/Parenting Payment/YA and Austudy not payable if assets exceed these amounts.

†Pharmaceutical Allowance included.

**For DSP customers, these limits apply if aged over 21 only. For those aged under 21 the same income/assets test applies, but with different limits. See your nearest Centrelink Customer Service Centre for information.

Extra Allowable Amount for retirement village and granny flat residents

If your Entry Contribution is equal to or less than the Extra Allowable Amount, you are assessed as a non-homeowner. Your Entry Contribution will count as an asset. You may qualify for Rent Assistance. The Extra Allowable Amount is the difference between the non-homeowner and homeowner assets test limits, currently \$124 500.

Hardship provisions

If you have assets but little or no income you are expected to rearrange your affairs to provide for yourself. In some cases that is not possible. If you are in 'severe financial hardship' you may be able to get an income support payment. Different tests apply to such cases.

*Income over these amounts reduces the rate of pension payable by 40 cents in the dollar (single), 20 cents in the dollar each (for couples).

**For DSP customers, these limits apply if aged over 21 only. For under 21 the same income/assets test applies, but with different limits. See your nearest Centrelink Customer Service Centre for information.

#These figures may be higher if Rent Assistance is paid with your pension.

Compensation payment

Compensation payments, such as weekly workers' compensation payments, are assessed differently. If the compensable injury occurred prior to receiving an income support payment each dollar of any regular compensation payment reduces the income support payment (pension or allowance) by a dollar. If the compensable injury occurred while receiving an income support payment any regular compensation payment is assessed under the normal income test. Compensation payments may include a component of taxable income and it is this component that is included

as income for Family Tax Benefit purposes. Lump sum compensation payments may result in a non-payment period. Contact Centrelink for more information.

Partner income which exceeds cut-out point reduces fortnightly allowance by 60 cents in the dollar.

**These figures may be higher if you are eligible for Pharmaceutical Allowance or Rent Assistance.

Working Credit

Working Credit helps working age people to keep more of their income support payment when they take up work. When people have little or no income, they will build up 'working credits'. Then if they do work, their working credits increase the amount they can earn before their income support payment is reduced. For example, someone with 150 working credits is able to earn an extra \$150 above the income-free area before their payment starts to reduce.

It also helps people who take up short-term jobs by making it easier for them to get their payments restarted (for up to 12 weeks). This means that people don't have to reapply for payments, they just need to prove that their job has ended, or that their income has dropped, and Centrelink will restart their payments.

Maintenance income

Maintenance income does not affect payments other than Family Tax Benefit and parentally means-tested Youth Allowance.#

■ Maintenance income-free areas:

- single parent or member of a couple receiving maintenance \$1292.10 pa
- couple, both receiving maintenance \$2584.20 pa
- for each additional child add \$430.70 pa

■ Maintenance over these amounts may reduce Family Tax Benefit Part A by 50 cents in the dollar, until the minimum amount of Family Tax Benefit per child is reached.

■ Pensioners who are blind are exempt from the maintenance income test.

#Applies only if eligible to receive more than the minimum rate.

Chart E—Concession cards and allowances

Automatic issue Health Care Card (HCC)

The HCC is automatically issued to people who are not qualified for a Pensioner Concession Card who are receiving:

- Newstart Allowance, Partner Allowance, Sickness Allowance, Special Benefit, Widow Allowance and Youth Allowance (job seeker only).
- Parenting Payment (partnered), Exceptional Circumstances Relief Payment, Farm Help Income Support and those entitled to receive the maximum rate of Family Tax Benefit Part A by fortnightly instalments.
- Mobility Allowance.
- Carer Allowance (CA), paid to parents/carers in respect of a child with a disability. The card is issued in the child's name. Other parents/carers of children with a disability who do not receive CA may receive a HCC subject to less stringent disability-related eligibility criteria.
- Community Development Employment Project Scheme Participant Supplement where the recipient is qualified for an income support payment (attracting a HCC), but that payment is not payable due to either the assets test, or the rules relating to seasonal or intermittent workers. These customers receive the HCC applicable to the payment type for which they are qualified.

Once people are no longer receiving these payments, they must generally stop using their HCC. However, in some instances, people can retain their HCC for up to 26 weeks after returning to work. This provision is designed to assist people to make the transition from income support to work. The provision applies to long-term recipients of NSA, SA, PA, SpB, WA, and YA (job seeker). Former long-term recipients of PPS, NSA and YA (job seeker) who are a single principal carer of a dependent child also qualify for a HCC extension (in addition to a 12-week PCC extension).

A HCC extension is also available, under certain circumstances, to people who remain qualified for certain payments during a nil rate period under the Working Credit scheme.

Claim required Health Care Card (HCC)

Specific types of HCCs can be claimed in the following circumstances:

- A low income HCC is available on application to people with income below certain levels. Once eligible, the qualifying income limits may be exceeded by up to 25 per cent before eligibility for the card is lost. The income test applies to average weekly gross income for the eight weeks immediately prior to applying for the card. Income limits for the period 20 September 2008–19 March 2009 are:
 - single \$446.00 pw
 - couple (combined) \$743.00 pw
 - single or couple with one child \$777.00 pw
 - for each additional child add \$34.00 pw

These limits (except for the child add-on) are indexed twice yearly, in March and September, based on movements in the Consumer Price Index.

There is no assets test for the low-income HCC.

- A foster child HCC is available, on application, to assist foster children and carers. The card can be claimed by the

foster carer on behalf of the child. The foster child HCC is issued only in the name of the child, and can only be used to obtain concessions on services utilised by the child. The foster child HCC is not means tested.

- An ex-Carer Allowance (CA) HCC is available, on application, to 16–25 year old full-time students with a disability or a severe medical condition. The card can be claimed by students who were in receipt of a CA HCC on the day before their 16th birthday. The ex-CA HCC is issued in the name of the student and is not means tested.

Residence requirements

Certain residence requirements must be met to qualify for any type of HCC.

Pensioner Concession Card (PCC)

A PCC is automatically issued to:

Income support pensions include Age Pension, Disability Support Pension, Wife Pension, Carer Payment, Parenting Payment (Single), Bereavement Allowance and Widow B Pension.

 - customers aged 60 and over who are receiving Newstart Allowance, Partner Allowance, Widow Allowance, Parenting Payment (Partnered), Sickness Allowance, or Special Benefit, and have been in continuous receipt of one or more of the above payments (or a income support pension) for nine months or more.
- Participants of the Pension Loans Scheme who are qualified to receive a part-rate pension.
- Community Development Employment Project (CDEP) participants who are qualified for an income support pension but that payment is not payable due to the result of either the assets test or the rules relating to seasonal or intermittent workers, and who therefore qualify for the CDEP Scheme Participant Supplement (CPS).
- CDEP participants who are qualified for Newstart Allowance, Partner Allowance, Widow Allowance, Parenting Payment (Partnered), Youth Allowance or Special Benefit, but where that payment is not payable due to the result of either the assets test or the rules relating to seasonal or intermittent workers, and who therefore qualify for the CDEP CPS. Note that these customers must be aged 60 years or over, and have been in continuous receipt, or have been taken to be in continuous receipt of one or more of the above payments (or an income support pension) for nine months or more.

Once people are no longer qualified for these payments, they must generally stop using their PCC. However, in some instances, certain customers can retain their PCC for a short period after returning to work. These provisions are designed to assist people to make the transition from income support to work.

Disability Support Pensioners (DSP)

- Retain their PCC for 52 weeks after losing qualification for the pension due to commencing employment of 15 hours or more per week or because of the level of earnings from employment.

Wife Pension (DSP) customers

- Retain their PCC for 52 weeks after qualification for payment if their partner has been receiving DSP, and their partner loses qualification for the pension due to commencing employment of 30 hours or more per week, or because their partner's income from employment causes them to lose qualification for DSP.

Older benefit customers (as defined earlier)

- Retain their PCC for a further 26 weeks if their payment stops due to the person or their partner commencing employment, or due to the level of earnings from this employment.

Parenting Payment (Single) customers

- Retain their PCC for 12 weeks after losing entitlement to Parenting Payment (Single) due to an increase in income due to employment. A Health Care Card is issued for the balance of 26 weeks, that is a further 14 weeks provided the customer has been in continuous receipt for the last 12 months of either:
 - an income support pension (except for a Special Needs Pension), or
 - an income support benefit (other than Austudy or Youth Allowance paid to students).

Newstart and Youth Allowance (job seeker)

- Retain their PCC for 52 weeks after losing qualification due to employment income, if they have been assessed as having a partial capacity to work, or
- Retain their PCC under the same provisions as Parenting Payment (Single) customers (see above), if they are the single principal carer of a dependent child.

A PCC extension is also available, under certain circumstances, to people under age pension age who remain qualified for certain payments during a nil rate period under the Working Credit scheme.

Commonwealth Seniors Health Card (CSHC)

The CSHC is targeted at self-funded retirees of age pension age (see chart under Age Pension) who do not qualify for an Age Pension because of assets or income levels.

To qualify for a CSHC a person must make a claim for the card, and meet the following criteria:

- not be receiving an income support pension or benefit or a Department of Veterans' Affairs service pension or income support supplement, and
- be of age pension age, and
- be living permanently in Australia and be:
 - an Australian citizen, or
 - a holder of a permanent visa, or
 - New Zealand citizen who arrived on a New Zealand passport.
- available to newly arrived migrants after 104 weeks in Australia as an Australian resident or Special Category Visa holder (some exemptions may apply).
- must be in Australia to retain card.
- have an annual adjusted taxable income of less than \$50 000 for singles; \$80 000 for couples (combined income), and \$100 000 combined or \$50 000 each for couples separated by illness, respite care or prison. An amount of \$639.60 per year is added for each dependent child. There is no assets test.

Seniors Concession Allowance

Seniors Concession Allowance (SCA) is a quarterly payment to holders of the Commonwealth Seniors Health Card (CSHC) to assist in meeting household expenses. The payment is made in March, June, September and December each year. The rate is adjusted to increases in the Consumer Price Index in March and September. The current annual rate of SCA is \$514.00.

Telephone Allowance

Telephone Allowance (TAL) is a quarterly payment to assist with the cost of maintaining a telephone service—it is not paid to assist with the costs of telephone calls. TAL is paid to pensioners, certain allowees and CSHC holders who are telephone subscribers.

A higher rate of TAL is payable to income support recipients of age pension age, CSHC holders and recipients of Disability Support Pension and Carer Payment if they or their partner have a home internet connection.

The payment is made in January, March, July and September each year. The current rate of TAL is \$92.00 per year (\$23 per quarter). The higher rate of TAL is \$138.40 per year (\$34.60 per quarter) for home internet subscribers. This amount is shared between both members of an eligible couple.

Utilities allowance

The payment is made in March, June, September and December each year and is adjusted to increases in the Consumer Price Index in March and September.
