INTRODUCTION TO BE READ OUT:

A special feature of the interview this year is the next section. It comprises three short exercises that involve you remembering and making judgements about words, symbols and numbers.

AUTOFILLED: N9 Start TIMESTAMP
[N9TimeStart.getTimeStamp]
N9. I am going to read out some lists of numbers, and I want you to repeat the numbers back to me in the reverse order from which I said them. So if I said “3, 8”, you would say “8, 3”. Do you understand? Note that I cannot repeat the numbers after I have said them once.

INTERVIEWER NOTE: If respondent does not understand, repeat the instructions.

The sets will get larger as we go.

UNLESS INAPPROPRIATE, ALSO SAY: To help you concentrate, it may help if you close your eyes.

INTERVIEWER TO RECORD: IS IT OKAY TO START THE TASK?

☐ Yes, start the task [1] [1]
☐ No, cannot understand instructions [2]
☐ No, refused [3]

IF N9 = 1 go to N10(1a)
ELSE go to N12

INTERVIEWER NOTE: Read in monotone, 1 second per number. Drop your voice on the last digit to indicate it is time to respond.

If participant immediately self-corrects, do not count as an error.
If the participant asks for repetition, say: ‘I’m sorry, I can’t repeat items.’

[IF face-to-face interview: If participant attempts to write the numbers down as they are being read out, immediately cease reading out the numbers and politely inform the participant that for this task we need them to rely on their memory. Record an “incorrect” answer and move to the next sequence.]

This next exercise involves matching numbers to symbols.

Please look at the key at the top of the page. The symbol in the top row matches the number in the box below it.

Now look at the next line of boxes (INTERVIEWER POINT TO THE LINE OF BOXES). Notice that the boxes below the symbols are empty. Your task is to fill each empty box with the number that matches the symbol using the key at the top of the page. Is that clear?

INTERVIEWER NOTE: (If respondent requires further instructions say): Please look again at the key on top of the page, each of these symbols in the top row has a matching number. Your task is to fill in the blank boxes underneath each symbol (point) using the key at the top of the page to match the number? Is this clear?

Let’s have a go at the first symbol. Looking at the key, you will see that number 1 goes in the first box, so write the number 1 in the first box. Now what number should you put in the second box? (Number 5) That’s right. So write the number 5 in the second box. What number goes in the third box? (Number 2) Two, right.

For practice, fill in the remaining boxes and stop at the double line.

[INTERVIEWER CHECK PRACTICE BOXES AGAINST CORRECT RESPONSES BELOW. ANY ERRORS MADE IN THESE PRACTICE RESPONSES SHOULD BE IMMEDIATELY POINTED OUT. IF NEEDED, YOU WILL NEED TO EXPLAIN THE TASK AGAIN.]

Now when I say ‘Go!’ write the numbers just like you have been doing until I say ‘Stop!’, starting from here (INTERVIEWER POINT TO THE FIRST BOX AFTER THE DOUBLE LINE). When you come to the end of the first line, go quickly to the next line without stopping. If you make a mistake, just write the correct answer over your mistake. Don’t skip any boxes and work as quickly as you can.
