If you are an independent contractor or freelance worker, you:

- usually issue invoices (including tax invoices) to bill clients for the work that you do for them
- usually earn income from using your skills and effort, not just from owning your business
- do **not** spend most of your work time dealing with administrative tasks and paperwork for your business
- may be able to negotiate the terms of your work contract
- may perform work for more than one client
- may subcontract work to another person or business
