INTERVIEWER NOTE: A salary sacrifice arrangement exists where an employer purchases items for an employee out of the employee's own (pre-tax) salary. It usually reduces the income tax payable by the employee compared with receiving the salary-sacrificed income as a cash payment.

### Social distancing behaviour

I am now going to read out two statements, and I want you to indicate how well they describe you during the **past four weeks**.

CV20a. “You stayed at home and only went out for the essentials, such as shopping for food, to go to work, to go to medical appointments, or to exercise.” Do you think this is ‘not true at all’, ‘rarely true’, ‘sometimes true’, ‘often true’ or ‘true nearly all the time’?

| <input type="radio"/> Don't know               | [9] |           |

CV20b. “When **not** at home, you tried to keep a distance of at least 1.5 metres from other persons who are **not in your household**.” (Again, and still thinking of the past 4 weeks, do you think this is ‘not true at all’, ‘rarely true’, ‘sometimes true’, ‘often true’ or ‘true nearly all the time’?)

### Pro-social behaviour

CV21. The Australian Government developed the mobile phone app, COVIDSafe. Did you download it? (COVIDSafe helps trace people who might have come into contact with a person with the coronavirus.)
