J. WEALTH

Now we have some questions about bank accounts, credit cards, debts and superannuation. These questions are a very important part of the study this year and will help to measure changes in the living standards of Australians throughout their different life stages.

Some of these questions will mean asking you to provide money values. If you're not sure about exact values, please just give us your best guess.

I would like to remind you again that all the answers you give are strictly confidential.

If respondent also completed the HQ, you may need to remind them that the questions are about them - not the household.
