#### **Living in Australia**

#### **Introduction Card**

Good morning/afternoon/evening, my name is......from ACNielsen, the research company.

Recently we sent to you a letter and this Newsletter (show Newsletter) explaining that we are continuing the Living in Australia Study and we are seeking your continued support for its next phase. As the study is about changes within society over time, we would like to interview you again this year. Every individual and family provides unique information that no-one else can give. The first part will only take a few minutes while I just confirm some details about your household.
