Dear FirstName,

We would like to thank you for your ongoing support of the HILDA study. Your household is unique to the Living in Australia study and your continued commitment is greatly valued.

This year your involvement is especially important. As you may know, the Living in Australia study is used extensively by many organisations to make decisions that affect our lives. Policy makers will need to be well-informed about how significant changes that occurred in Australia and worldwide in 2009, like the global financial crisis, have affected you and Australian households just like yours. In light of this, please remember how important your participation is, in helping to shape Australia's future when our Living In Australia interviewer contacts you in the next few weeks.

Please find enclosed the latest *Living in Australia* newsletter which includes:

- a message from the Governor - General of Australia, Quentin Bryce,
- examples of how the survey results are helping shape Australia's policies,
- a message from Professor Mark Wooden,
- information on what will be new with this year's study,
- a note from one of our leading interviewers, and
- a reminder about the \$30 gift for your participation.

We hope that you enjoy being part of this vital study in 2010 and we look forward to contacting you soon.

We are always happy to hear from you – our contact details can be found below and in the Newsletter enclosed.

Yours sincerely

Athina Katiforis
