Dear <respondent name>,

The Living in Australia study is increasingly becoming an invaluable tool for those that shape our nation. We'd like to take this opportunity to say thank you for your participation which has contributed to the success of this study.

Your opinions, your stories and your voice contribute to the complex data that tell the story about who we are as Australians, how we are changing and the challenges we are facing. We are very appreciative of the time you take to ensure this study continues to be relevant for all Australians.

In a few weeks your interviewer will be visiting you to invite you to participate in the Living in Australia study again this year. This year we are focusing on education and skills in everyday life. You represent another 1000 Australians so no matter your age or background, you are significant to this study. Once again we would like to offer you a cash gift of \$30 for your time and a bonus \$30 when all eligible household members participate.

Enclosed you will find our Newsletter with some important information about the study, your privacy, and some articles for your interest. You can visit the project website, www.livinginaustralia.org for more information about the study or should you wish to contact for any reason you can call us on 1800 656 670 or write to HILDA@roymorgan.com.

Once again thank you for your support and we hope you find your participation this year enjoyable.

Yours sincerely

Athina Katiforis
Project Director
Roy Morgan Research
