Dear <Firstname>,

Each year we are more and more grateful for the time that you and your household give the Living in Australia study. You and your household are integral to the current and ongoing success of this research and this year your involvement is particularly important. As Australia continues to steady itself from the worldwide financial downturn, the impact on Australian households like yours is still not clearly known. This year we will return to your household to focus on assets and wealth to ensure Australia's policy makers are in the best position to make difficult fiscal decisions in the coming years.

Our newsletter for 2014

Within the newsletter you will find:

- a special letter from Glenn Stevens of the Reserve Bank of Australia, a key supporter of the HILDA data;
- important information about the study, your confidentiality and your privacy;
- a selection of findings from the study data;
- information on what is new this year, including a special note on your \$35 cash gift.

You are important to us

I encourage you to visit the project website www.livinginaustralia.org for more information about the study. Should you wish to contact us for any reason you can call 1800 656 670 or email HILDA@roymorgan.com.

In the next few weeks

Your interviewer will visit you soon to invite you to take part in the study this year. Once again, thank you for your support and we hope you find your participation this year enjoyable.

Yours sincerely,

Tania Sperti
Project Director
Roy Morgan Research
