Dear <<First Name >>

Results from last year's study...

Last year you were interviewed as part of the **Living in Australia** study. We appreciate your involvement and have enclosed our Newsletter outlining some of the study's findings. We hope you find it interesting and gain a better understanding of the purpose of the project.

(If others in your home were also interviewed, please show them the Newsletter too, as it's important that everyone gets to see how their valuable contribution will help us better understand how Australians live and work today.)

Interviewing for phase 2 about to begin...

Last year was the first phase of the study and interviewing will soon be starting for the second phase.

Within the next two months an interviewer from the ACNielsen research company will visit you to conduct this year's interviews. If you are busy when the interviewer calls, he or she will be happy to call back at a time that suits you. We sincerely appreciate your time, and hope you will continue to be part of this research.

We will send a cheque for \$50...

To thank you for your participation we will once again send a cheque for \$50 if all eligible household members participate. If only some of the household members participate, we will send your household a cheque for \$20.

Your Privacy...

The Newsletter also contains information about the confidentiality and protection of your information.
